**RECOMMENDATION LETTER FROM THE COMPANY  
STEIN HEURTEY, FRANCE**

**Subject :** Order 54.4424X019 & 54.4424X021 for skids and posts repairing and installation of heavy fuel oil circuit with pumps and site works relative to equipment installation in frame of **STEIN HEURTEY** order for revamping of **SAHAVIRIYA STEEL INDUSTRIES** two reheating furnaces in Thailand

Dear Sir,

By this letter, we confirm that **STEIN HEURTEY** placed orders to your company for several services like raw material delivery, fabrication and site works associated with dismantling of old equipment and erection/repairing works concerning new or existing items in frame of two existing furnaces revamping on site of our customer **SAHAVIRIYA STEEL INDUSTRIES** situated in Bang Shapan in Thailand in frame of the order received by our company for furnace production enhancement and furnace performances improvement.

The site works took place over end of year 2004 and beginning of 2005 (in function of stoppage dates of each furnaces) and concerned principally:

- modification of heating equipment and installation of new heavy fuel oil distribution circuit with pumps on both furnace including all necessary piping, valves and fittings
- replacement of the skids and posts by Chinese fabrication ones (several reparations of these skids and posts were necessary)

**STEIN HEURTEY** would like to felicitate your company for a high level of quality of works (as well for supplied parts as for site works), high performances of your teams regarding the very tight schedule of this project and a very good and professional collaboration of your people as well with our supervisors as with the customer's representatives.

Therefore **STEIN HEURTEY** recommends you company to third parties interested by your services and state its willing to extend this common collaboration to other projects we might have in the future concerning your activities.

Best Regards
